In this rich, well-written study, Eleanor Miller analyzes the social organization of street hustling and the lives of the women involved in it. Miller views hustling as "illegal work": prostitution, fraud, forgery, embezzlement, and larceny. Using information garnered from life histories and interviews with 64 female street hustlers in Milwaukee, she vividly describes a female underclass recruited to the world of the street for a substantial period of their lives. Street Woman offers a challenging alternative to recent sociological studies that view the "women's movement" as directly linked to the increasing participation of women in property crime. Miller shows that this increase in crime is a response to sustained poverty. Thus, many sociologists are out of touch with the typical female criminal in this country on both a demographic and personal level. "Typical" female hustlers, as their own words poignantly reveal, are young, poor minority women who have limited education and skills and who also have several children of their own. They adopt characteristic interpersonal relationships and familial forms that insure their survival but which leave the youngsters at greater risk of being recruited to street life. Street Woman is a work of great importance to sociologists and criminologists alike, both in its ramifications for public policy and its explicit implications for further research. Most important, Miller's desire to render a more personal portrait, to enable us to "at least recognize the individual in the picture painted of the group," leaves the reader with haunting portrayals of the women who struggle to survive in the violent, desperate, drug-ridden world of the street. Author note: Eleanor M. Miller is Assistant Professor of Sociology at the University of Wisconsin, Milwaukee.

Do you believe in miracles? Do you want to believe that Love (with a capital "L") does indeed conquer all? Love Conquers All is a story about a white woman finding a long-lost black friend after twenty-eight years. Lenny has been incarcerated for more than nineteen plus years for six "grab and dash" robberies committed in six days while he was under the influence of alcohol and crack cocaine. Now facing two life sentences plus one hundred

years, Lenny has been sentenced to die in prison even though there has not been one victim impact statement made against him. In their journey through his incarceration, her divorce, discovering cancer, and having major surgeries to prevent paralysis from the neck down, they fall inexplicably in Love – with a capital “L.” But they must overcome huge obstacles, for both have received death sentences. Written in letter format, this story is raw, honest, and true-to-life in describing their spiritual transformations. It is a self-help manual, an examination of the brain and a testament to the power of our thoughts to create our reality. It is an honest exploration of many of the systems that make up our world: the criminal justice system, the healthcare system, religious systems, the education system, government systems, and the judicial system. It examines nature and man’s relationship to it. It shows the family unit in all of its dysfunction and includes an examination of humanity’s uglier side in terms of how it deals with racism, addiction, disparity, injustice, mental illness, obesity, apathy, complacency, and shame and sin. But more importantly, it is a story of redemption, gratitude, hope, and grace. This story offers a discovery of how miracles occur. It pays homage to the truth that Love does indeed conquer all.

This remarkable new dictionary represents the first attempt in some four centuries to record the state of development of English as used across the entire Caribbean region. "Everyone knows about Noah, Moses, and Paul. But what about Hagar, Michal, and Priscilla, all women who had a direct influence in the story of God's people? The Bible is full of fascinating, powerful, and faithful women, as well as lessons that have unique meaning for women today." "In The Women's Study Bible, respected Bible scholars draw out these often overlooked stories and reveal the lives of women at the time and share lessons for women of today. Separate sidebars cover topics such as midwifery, women disciples, and female images of God. The Women's Study Bible doesn't shy away from the difficult issues, but helps readers to understand them better in both their original context and the modern world." "The New Living Translation of the Bible uses inclusive language for humanity and where it is clear that both male and female are meant to be included." --Book Jacket.

This book considers how women's experiences have been treated in films dealing with Nazi persecution. Focusing on fiction films made in Europe between 1945 and the present, this study explores dominant discourses on and cinematic representation of women as perpetrators, victims and resisters. Ingrid Lewis contends that European Holocaust Cinema underwent a rich and complex trajectory of change with regard to the representation of women. This change both reflects and responds to key socio-cultural developments in the intervening decades as well as to new directions in cinema, historical research and politics of remembrance. The book will appeal to international scholars, students and educators within the fields of Holocaust Studies, Film Studies, European Cinema and Women's Studies.

"How much can one sacrifice for love? Is love just fun and physical pleasures or something much beyond that? Would one chose a street woman over a princess? Before 1893 no woman anywhere in the world had the vote in a national election. A hundred years later almost all countries had enfranchised women, and it was a sign of backwardness not to have done so. This is the story of how this momentous change came about. The first genuinely global history of women and the vote, it takes the story of women in politics from the earliest times to the present day, revealing startling new connections across time and national boundaries - from Europe and North America to Asia, Africa, Latin America, and the Muslim world post-9/11. A story of individuals as well as of wider movements, it includes the often dramatic life-stories of women's suffrage pioneers from across the world, painting vivid biographical portraits of everyone from Susan B. Anthony and the Pankhursts to hitherto lesser-known activists in China, Latin America, and Africa. It is also the first major post-feminist history of women's struggle for the vote. Controversially, Jad Adams rejects the widely accepted idea that success was primarily a result of the pressure group politics of the suffragists and their supporters. Ultimately, he argues, it was nationalism, not feminism, that was the most important factor in winning women the vote.

The heralded Queen of Hip-Hop Lit presents an addictive collection of celebrated urban authors with their fingers on the pulse of the streets. Hall—deliver searing stories about women who make hard sacrifices to stay on top of their hustle and seize the power, money, and fame they can't live without. Enterprising and fearless, these players are more than equipped to handle whatever the street throws at them. That's because they are hellbent on survival—by any means necessary. Once again, Nikki Turner shares ultra-realistic page-turners that will keep fans coming back for more.

Toward the end of the twentieth century in places ranging from Latin America and the Caribbean to Europe, the United States, South Africa, Nigeria, Iran, Japan, China, and South Asia, women and young people took to the streets to fight injustices they believed they could not confront in any other way. In the hope of changing the way politics is done, they called officials to account for atrocities they had committed and unjust laws they had upheld. They attempted to drive authoritarian governments from power by publicizing the activities these officials tried to hide. This powerful book takes us into the midst of these movements to give us a close-up look at how a new generation bore witness to human rights violations, resisted the efforts of regimes to shame and silence young idealists, and created a vibrant public life that remains a vital part of ongoing struggles for democracy and justice today. Through personal interviews, newspaper accounts, family letters, and research in the archives of human rights groups, this book portrays women and young people from Argentina, Chile, and Spain as emblematic of others around the world in their public appeals for direct democracy. An activist herself, author Temma Kaplan gives readers a deep and immediate sense of the sacrifices and accomplishments, the suffering and the power of these uncommon common people. By showing that mobilizations, sometimes accompanied by shaming rituals, were more than episodic—more than ways for societies to protect themselves against government abuses and even state terrorism—her book envisions a

creative political sphere, a fifth estate in which ordinary citizens can reorient the political practices of democracy in our time.

Here are more scathingly funny tales from the wild side! Laurie Notaro survived the debauched ride of her twenties and the bumpy road to matrimony. Now she's ready to take on the thirtysomething years . . . and almost middle age has never been more hilarious. Laurie is married, mortgaged, and now—miraculously—employed in the corporate world, discovering that bosses come in all shapes, sizes, and degrees of mental stability. After maxing out her last good credit card at Banana Republic, she's dressed for success and ready to face the jungle: surviving feral, six-foot-plus Gretchen ("Three Thousand Faces of Eve") before battling the overbearing, overstuffed (in way-too-small pants) new mom Suzzi, who ruthlessly cancels Laurie's newspaper column and learns that payback can be a bitch. Laurie also explores the backstabbing world of preschoolers at a Halloween party, the X-rated madness of a family trip to Disneyland, and the pressure from her QVC-addicted mother and the rest of the world to reproduce. But while losing more friends to babies than to booze, she realizes there's a plus side: at least for a couple of months she gets to be the thinner friend. I Love Everybody (and Other Atrocious Lies) is Laurie Notaro at her deliciously quirky best. Can a woman prone to what her loved ones might term "meltdowns" (she considers them "Opportunities to Enlighten") put a smile on her face and love everybody? Take a guess.

In nineteenth-century Philadelphia, Emily quarreled bitterly with her mother over her choice of a husband. When her husband later abandons her to a life of poverty, Emily tries to raise her daughters alone.

From Living On The Street To Becoming A Successful Entrepreneur Today, nearing forty, Eder is a successful New York entrepreneur in the online media industry and CEO of a digital marketing company. However, as a kid in the mid '80s, he fled a frightening home life and wound up living for years on the streets of Medellin, Colombia. It was a dicey existence, in what was described during this era as the 'most dangerous place on earth'. where international drug lords like Pablo Escobar ruled, where you could be shot for looking at the wrong guy the wrong way. Dreaming of Hope Street is the story of how he went from living in the streets to become a successful entrepreneur. The book is in the classic Coming-of-Age tradition, and proves that, though life can be ugly and brutal, even the most disadvantaged can overcome the odds and find happiness, their own Hope Street. The narrative steps along and rings with authenticity; it's often sad, shocking, but ultimately uplifting and motivational. Scroll up and grab a copy today.

It is 1953. The Korean War is ending. The Eisenhower era is beginning. Patti Page and Frankie Laine sit at the top of the charts. And aspiring cartoonist Michael Devlin, Brooklyn born and bred, is heading south to become a man. Pete Hamill's prose has always been praised for its energy and muscularity. But rarely, if ever, has he achieved the tough-and-tender lyricism and imagistic power of his sensual new novel, *Loving Women*. When Michael arrives at the U.S. Navy supply base in Pensacola, Florida, he is immediately plunged into a world he's never before encountered or imagined. Sensitive, street-smart, but wildly naive about the sadistic terrors of the service and the bigotry of the Deep South, he thrashes through a baptism of frustration and despair - until he meets Eden Santana. Eden is everything he's ever dreamed of: older, wiser, nonplussed by his ingenuous ways - the perfect instructor for a Catholic virgin in the art of lovemaking, in sexual pleasure, confidence and courage. Though their steamy passion is destined to dissipate, there is no way Michael can prepare himself for the circumstances under which his enigmatic lover disappears. Their heartbreaking parting becomes entwined with frightening secrets about each other, the South and the friends they make along the way. As compelling in narrative drive as it is utterly convincing in mood and tone, *Loving Women's* cinematic immediacy and haunting storytelling signify Pete Hamill writing at the top of his talent.

Five women revolutionize the modern art world in postwar America in this "gratifying, generous, and lush" true story from a National Book Award and Pulitzer Prize finalist (Jennifer Szalai, *New York Times*). Set amid the most turbulent social and political period of modern times, *Ninth Street Women* is the impassioned, wild, sometimes tragic, always exhilarating chronicle of five women who dared to enter the male-dominated world of twentieth-century abstract painting -- not as muses but as artists. From their cold-water lofts, where they worked, drank, fought, and loved, these pioneers burst open the door to the art world for themselves and countless others to come. Gutsy and indomitable, Lee Krasner was a hell-raising leader among artists long before she became part of the modern art world's first celebrity couple by marrying Jackson Pollock. Elaine de Kooning, whose brilliant mind and peerless charm made her the emotional center of the New York School, used her work and words to build a bridge between the avant-garde and a public that scorned abstract art as a hoax. Grace Hartigan fearlessly abandoned life as a New Jersey housewife and mother to achieve stardom as one of the boldest painters of her generation. Joan Mitchell, whose notoriously tough exterior shielded a vulnerable artist within, escaped a privileged but emotionally damaging Chicago childhood to translate her fierce vision into magnificent canvases. And Helen Frankenthaler, the beautiful daughter of a prominent New York family, chose the difficult path of the creative life. Her gamble paid off: At twenty-three she created a work so original it launched a new school of painting. These women changed American art and society, tearing up the prevailing social code and replacing it with a doctrine of liberation. In *Ninth Street Women*, acclaimed author Mary Gabriel tells a remarkable and inspiring story of the power of art and artists in shaping not just postwar America but the future.
